Dear Governor Pence:

With respect, AIA Indiana encourages the promotion of Dean Illingworth, FAIA, current Building Law Compliance Officer, to the position of State Building Commissioner.

Dean is an experienced and respected licensed architect and home builder who has made significant improvements within state plan review. Our members appreciate the job he has done and his willingness to work through issues when they arise. Dean has made a noticeable and noble effort to consistently reach out and communicate to those in the professions he serves. He has the strong support of our members and firm leaders throughout the state.

AIA Indiana feels fortunate to have someone as capable and experienced as Dean Illingworth, FAIA serving Hoosiers in the design and construction industry. AIA Indiana gives Dean our highest recommendation and we respectfully encourage his promotion to State Building Commissioner.

Thank you for your consideration.

Sincerely,

Jason Shelley
